### Supporting Your Child's Learning At Home

In each cluster of schools, there are a team of local professionals who support schools and families of children and young people with additional needs. Workshops are held termly in each cluster and provide a range of advice and support for families about specific learning difficulties.

The workshops this term are run by the Inclusion Support Team. The theme will be Visual timetables and visual resources for children and young people with processing and sequencing difficulties, to develop their independence skills, understanding of routine and language and limit frustration and anxiety during transitions. We will also offer 1:1 sessions with:

- Emma Wilson Specific Learning Difficulties Advisor (Dyslexia, Dyspraxia, Dyscalculia)
- Mel Ferrier Paediatric Occupational Therapist.
